AHMED FACADE TECHNOLOGIES LIMITED

ALUMINIUM • GLASS • FACADE • INTERIOR & EXTERIOR FABRICATION, SUPPLY & INSTALLATION

COMPANY PROFILE

Engineered facades for Bangladesh — since 1982, a family trade

Registered Office: 119 Shershahsuri Road, Mohammadpur, Dhaka-1207

Office & Display: 202/C, Road-7, Mohammadia Housing Ltd., Mohammadpur, Dhaka-1207

Phone: **01639195158** · ahmedfacadetechnologiesltd@gmail.com

ABOUT THE COMPANY

Ahmed Facade Technologies Limited (AFTL) is a Dhaka-based aluminium, glass and facade engineering company. From curtain walls to doors & windows, ACP cladding, glass work, louvers and interiors — design, fabrication, supply and installation are all carried out under one roof, by our own team.

Ours is a **second-generation family business** — our Managing Director's father entered this trade in **1982**, and the same workmanship now runs through AFTL. Residential towers, corporate offices, hospitals, universities, factories, government and defence projects — our work stands across the country.

We hold **authorised dealerships of five leading aluminium profile brands** of Bangladesh, so every project is built on genuine, factory-backed material at the right price. Where a project demands more, we operate our own **direct import channel from China** for aluminium systems, DGU glass and hardware.

Every project is delivered engineering-first — shop drawings, sample approval, and where applicable wind-load calculation and water testing — so consultants and clients alike can sign off with confidence.

44

years of family legacy in this trade (since 1982)

50+

projects delivered nationwide

30+

clients, developers & contractors

10+

partner factories in China

AUTHORISED DEALER

KAI · ALTECH · EDF · ALUMAT · ALFA

Our Mission

International-standard facade and glass work at sensible cost — with no compromise on quality.

Our Commitment

On-time delivery, transparent itemized pricing, and after-handover service — the relationship outlasts the project.

OUR LEGACY

BASHIR AHMED

Father of our Managing Director

In the glass & aluminium industry for **40+ years**, with **1,000+ projects** to his name — the trade his son now carries forward as AFTL, since **1982**.

RECOGNITION

TOP DEALER

KAI-Altech Group

KAI-Altech Group — the largest aluminium manufacturer of Bangladesh — has honoured our Managing Director as a **Top Dealer** for the highest aluminium sales and supply.

WHAT WE DO

From facade to interior — the complete building envelope, delivered by our own fabrication and installation teams. Every job follows the applicable standards (BNBC 2020, AAMA, BDS 1879:2014).

Curtain Wall Stick · Semi-unitized · Unitized · Spider glazing DGU/single glazing, catchment windows, BNBC wind-load design, handover with water test	Doors & Windows Sliding · Casement · Fixed · Double glazed Aluminium windows with insect net; wooden/laminated/tempered glass doors, sensor auto doors
Cladding ACP (fire-rated, PVDF) · Sera board · Wooden · MS/SS Complete installation with sub-frame, FR core test certificates provided	Glass Work DGU · Tempered · Low-E/UV · Spider · Mirror Glass domes, glass floors, high-durability glass — supply and installation
Louvers & Ventilation Aluminium louver · Z-louver · Sunshade For machine rooms, stairs and service areas — airflow without rain ingress	Ceiling Metal · Gypsum · Wooden · Decorative glass & ACP Designed false ceilings for offices, showrooms and residences
Interior & Cabinets Office · Flat · Shop · Showroom fit-out Kitchen/file/wall/laminated cabinets, decorative partitions — design to installation	Toilet Cubicles & Partitions Compact/steel cubicles · DGU acoustic partitions Waterproof panels, rust-proof SS hardware; STC-rated glass partitions

WHY AFTL

- 1 Genuine material** — authorised dealer of five leading brands; profiles come from the factory with mill certificates.
- 2 Own skilled team** — a family trade running since 1982; our fabricators and installers are our own, we do not subcontract the work away.
- 3 Engineering support** — shop drawings, BNBC 2020 wind-load calculations, and the full consultant-approval process handled by us.
- 4 Quality with proof** — fabrication after sample approval, water test at handover, test certificates for FR ACP.
- 5 Direct import channel** — proven experience importing Chinese profiles, DGU glass and hardware (LC / sea freight).
- 6 Fair price & after-service** — transparent itemized rates, billing on actual measurement, and 1-year service warranty after handover.

How We Work

- 1. Site survey & requirement** — measurements, drawings, BoQ study
- 2. Itemized quotation** — transparent rates, clear specification
- 3. Shop drawing & sample** — consultant/client approval
- 4. Fabrication** — in our own workshop, with QC
- 5. Installation** — experienced team, safety compliant
- 6. Testing & handover** — water test, documentation, warranty

Standards: BNBC 2020 · AAMA · BDS 1879:2014 · ASTM
Materials: CSG/Saint-Gobain glass · Kinlong/3H hardware · Sika/Guibao sealant

GLOBAL SOURCING — CHINA PARTNERSHIPS

We do not depend on middlemen for imported material. Our Managing Director works directly with aluminium and glass factories in China — visiting production lines, negotiating factory prices and bringing world-class systems to Bangladesh projects.

Factory visits with the leadership of Mei Tong Shi Dai Aluminum Group & Meitong Flying Aluminum (ReBan systems), Foshan, China

Featured Partner — MEITONG Aluminum Group

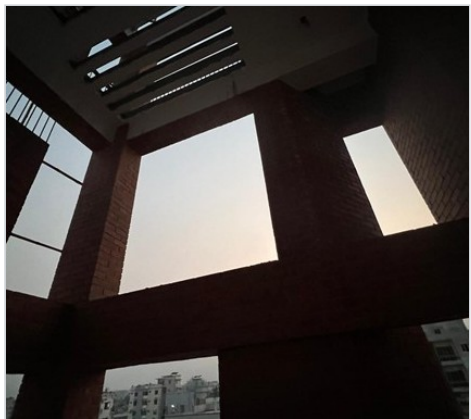

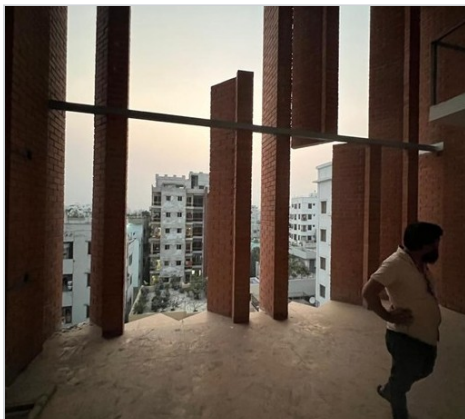

AFTL maintains a direct working relationship with **Mei Tong Shi Dai Aluminum Group** and its system-window arm **Meitong Flying Aluminum (ReBan door & window systems)** — an energy-efficiency focused Chinese manufacturer. This gives our clients access to premium system windows, telescopic sliding systems and architectural profiles at factory-direct pricing.

ALUMINIUM SYSTEMS	GLASS	HARDWARE	SEALANT
Meitong · ReBan WACANG Weiye · Xingfa · JMA	Xinyi Glass CSG Glass Saint-Gobain	Kinlong 3H System accessories	Guibao Sika Structural silicone

Import capability: LC-based direct import · consolidated sea shipments · HS-code & duty planning · machinery and hardware sourcing — a channel we already run for our own projects.

FEATURED PROJECT — MOHAMMADIA HOUSING, DHAKA

Project Description	
Project	Residential building — exposed-brick architectural facade
Location	Mohammadia Housing, Mohammadpur, Dhaka
Architect	Chinta Sthapatya
Type of Work	Aluminium doors & windows — fabrication and installation; glass supply & fitting
Scope	Sliding and fixed aluminium windows, aluminium doors, and clear glass throughout the building — coordinated with the architect's exposed-brick fin design
Status	Completed & handed over
